Delegates

Background Material of all Conference Committees

Please note:

Our practice is to send final Conference committee agendas and background information on agenda items to Conference members, and to leave to each area delegate the decision to distribute copies to other interested members in the area.

We count on the discretion of the delegate and the areas to respect the anonymity and confidentiality of the names and information contained on the agendas and in the background. We would like to point out that the internet and Web sites are a public media and that it may not be appropriate to make these materials accessible to the public.

If we receive a request for Conference committee background from a member in your area, we will refer that request to you for follow up.
